April 27-28, 2026

Halifax Marriott Harbourfront

The 2026 Eating Disorders Association of Canada National Conference is Canada's premier gathering of eating disorder clinicians, researchers, and leaders. This event is expected to attract 300 professionals from across Canada and internationally, offering unparalleled opportunities for learning, networking, and visibility.

This year's conference will feature a dynamic program, address cutting-edge topics in eating disorder prevention, treatment, and policy, with targeted tracks on adult and youth treatment, rural care delivery, and evidence-based innovations.

Internationally recognized speakers will be joined by early career researchers, front-line clinicians, community organizations, and decision-makers committed to advancing care for individuals affected by eating disorders.

Your support will help us deliver a high-impact event that empowers professionals, strengthens collaboration, and drives innovation across Canada and beyond.

Join us in shaping the future of eating disorder care.

# BENEFITS FOR EXHIBITORS AND SPONSORS

Eating Disorders are one of the most prevalent mental illnesses in Canada. Early intervention, and effective, accessible treatment is critically needed to ensure that those impacted have the best possible outcomes.

Supporting the 2026 Eating Disorders Association of Canada Conference is an opportunity to:

- Expand your network in the eating disorder sector face-to-face
- Engage with like-minded individuals who are decision-makers, frontline workers and change-makers
- Enhance your knowledge and expertise
- Establish new contacts and connections

As a sponsor, you will:

- Support knowledge mobilization on cutting-edge education, treatments and innovations
- Build awareness of your organization with the 200+ researchers, clinicians, policy makers and decision makers from across Canada
- Demonstrate your commitment to mental health and eating disorders recovery

”

1 in 12 people will be impacted by an eating disorder during their lifetime. Collaboration, knowledge mobilization, and innovation is critically needed.
